

Cantos Music Foundation Call for Performers

All That Jazz

Eligibility

This project is open to local, regional & national artists. We encourage emerging and established artists to submit for this opportunity.

The Opportunity

This program will serve to raise the profile of local, regional, and national jazz artists; to expose and acquaint new audiences with quality, cutting edge jazz programming and bring increased visibility to an exceptional jazz experience.

Performances are presented by Cantos Music Foundation, The National Music Centre and the Hyatt Regency of Calgary and take place twice monthly: an evening performance on the second Thursday of the month in the Sandstones Lounge and a performance during brunch on the last Sunday of the month at Thomsons Restaurant.

It is through this series that Cantos Music Foundation will offer opportunities to nurture the jazz community in Calgary, generating increased exposure for artists and working to establish Thomsons Restaurant and Sandstones Lounge as a go-to place for quality jazz in the city of Calgary.

Submissions are ongoing and selections will be made by the programming committee.
